

Adopt A Room

School is RIGHT around the corner (I can hear all of you breathing a collective SIGH of relief!!)

Which means Adopt A Room is back with the Manteno Chamber of Commerce!

This program links area Chamber businesses with a class room in the community. Your Chamber business “ADOPTS” a class to teach them about YOUR business.

For instance, Mallaney’s CARSTAR adopts a 1st Grade class and teaches them about painting cars.....how? Mallaney’s brings in car shaped cookie, colored frosting, and then shows how mixing the different “paints” together makes different colors! Perfect for 6 year olds (and perfect for Patrick, he really likes cookies!)

One time per month (more or less depending on the teacher and you), you go into your class. The kids get to know you, and you are giving back to education. This is a great program, one our Chamber had over 80 businesses participate in at one time!

Please fill out the bottom of this form to begin. Fax back to 815-534-5333. We will link you up with the grade/class you request (if possible). We will have the teacher and you begin contact as soon as school starts – and then you are ready to go!

Please call Lisa Price at 815-468-MCC6 with any questions. Thank you!
